Newsletter #5, July, 2018

SAVE THE DATE **iHub Next Steps Workshop** **September 11, 2018 in Melbourne**

Dear iHub supporters,

Thank you for your support of the Australian Affordable Heating and Cooling Innovation Hub (iHub).

Our submission went into ARENA on May 22, and the iHub bid team presented to the ARENA Advisory Panel on June 6. We have also spoken to Commonwealth Department officials. Based on the feedback, the bid has been well received and ARENA has expressed a desire to support many aspects of what we submitted.

Congratulations to all of you that helped to make the bid so compelling.

It is clear, however, that some restructuring of the bid will still be required in order to better fit into the various funding constraints of ARENA and the Department. There are plenty of possible combinations that we would like to explore with you, in order to maximise the benefit for you and the industry. We would also like to begin the process of preparing the Participants Agreement (the contract terms that entities will sign up to in order to join the iHub).

To achieve this, we will be running a half-day "Next Steps iHub" Workshop on the afternoon of Tuesday, September 11 in Melbourne (the day before AIRAH's Future of HVAC Conference).

Please keep the date free. A more detailed invitation will be sent out soon with registration details.

Regards,

Tony Gleeson, M.AIRAH
