

## i-Hub Summit III webinar series June 15–17, 2021

**Discovering the sustainable pathways to affordable heating and cooling.**

AIRAH and the [Innovation Hub for Affordable Heating and Cooling](#) (i-Hub) will host the third instalment of our free online knowledge sharing summit. These webinars bring together leading universities, researchers, consultants, building owners and equipment manufacturers in order to build a connected research and development community.

Join us in June for this knowledge sharing opportunity. We'll be hosting three interactive sessions to share information on the current i-Hub projects, their progress, and key findings. Each session also allows for Q&A with our project leaders and presenters.

### SESSION ONE: INTEGRATED DESIGN STUDIOS WEBINAR

<p><b>Tuesday, June 15</b></p> <p><b>ACT, NSW, Qld, Tas, Vic:</b> 12.30–1.30pm <b>SA, NT:</b> 12 noon–1pm <b>WA:</b> 10.30–11.30am</p>	<p>This webinar will feature an update on the <a href="#">Integrated Design Studios</a> activities. Discussion will include what has been learned about the interaction between architects and engineers and how best to encourage integrated design. It will also include some building typology design take-aways around zero carbon for data centres, schools, emergency response facilities and aquatic centres.</p>	<p><a href="#" style="color: white; text-decoration: underline;">Register</a></p>
